Examination Light

Outpatient LED

The next generation of examination lighting has arrived.

Outpatient LED is the perfect low maintenance, top-performing light for examination applications in the hospital, physician's office and veterinary field.

Designed for patient comfort and ease of use

- LED sources provide virtually heat-free light for patient comfort
- High quality light for accurate color rendition
- Designed to reduce shadows on the examination area
- Modularity for ease of installation and assembly

Enhanced performance

- Increased illuminance to 90,000 lux (8361 fc) at 24" (61 cm)
- CRI (Color Rendering Index) > 95
- High R9 > 87, to accurately render skin tones
- Anti-microbial paint to inhibit the growth of microbes
- Lower profile to reduce space impact

Lower cost of ownership

- LED illumination offers 10x (or 50,000-hour average) the operational life of traditional halogen solutions
- Provides a 75% energy savings over current halogen option
- Smooth finish aids routine cleaning
- Reduced maintenance

Single Ceiling Mount

Double Ceiling Mount

Floor Stand

All models are sold complete with light and arm system. (Product images not to scale.)

Outpatient LED product dimensions

Floor Stand

Wall Mount

Single Ceiling Mount:
 OPLED SC – 19"
 OPLED SC09 – 26 7/8"
