Letter from the President

Dear Friends,

For over 30 years, Canada Medical has partnered with thousands of healthcare professionals and institutions with the goal of increasing the quality of patient care by reducing the cost of their medical supply and equipment requirements without impacting service. Our team's dedication to continuous improvement, quality and service enables Canada Medical to serve our customers year after year.

At our core, we are committed to:

- Distributing branded medical supply merchandise to our loyal customers in our markets
- Servicing our customers' and vendors' needs while exceeding their expectations
- Differentiating ourselves by providing the best customer service to quality customers

Our habits of unrivalled customer service will continue, even as we push to find more ways to

build in quality in a way the customer desires. Relationship building with our customers, our vendors, our teammates and the communities we are a part of has been and will continue to be part of what differentiates us from our competition.

We have also realigned our company structure to a team-based model, working to continuously improve our distribution work flow. Our priority is to continuously improve our service to our customers and vendors while continuing to build on our knowledge and experience.

We strive to be the company that best understands and satisfies the products and services of the medical supply industry.

We look forward to partnering with you and your organization in the future.

Sincerely,

Carla Rodych

EXAM ROOM EQUIPMENT

MIDMARK 647 PODIATRY CHAIR

- Our best-in-class foot section is designed to put everything providers need where they need it – at the point of care.
- The Midmark 647 is the next step in foot and ankle care with an exclusive, ergonomic foot section design to put control right where it's needed – the foot section.
- Integrated touch controls on both sides of the foot section are not only convenient but also help reduce costly breakage of hand controls.
- Powered base, back and tilt for effortless positioning. Easy-to-reach release handles on both sides of the foot section allow for smooth, one-handed operation.
- Covered glides and a sealed foot control protect internal components from dirt and debris to simplify cleaning and ensure a longer product life.

STERILIZATION

RITTER M9 STEAM STERILIZER

The Ritter M9 packs all of the reliable sterilizing power you need into a compact unit perfect for areas with limited space.

The M9 is simple to use and effective. Select your cycle and the time is set for you. Press "Start" and the M9 fills with the correct amount of water. Once the sterilization process is complete, the door opens automatically.

- Steam-Flush Pressure Pulse Air Removal System
- 4 pre-programmed and 2 programmable cycles
- 9" x 15" Chamber size

MIDMARK QUICKCLEAN ULTRASONIC CLEANER

QuickClean helps ensure all of your instruments are fully cleaned the first time, every time, no matter where they are placed in the basket.

QuickClean is easy to use with a digital LCD control panel, preset or customized settings, built-in data storage that retains the previous cycle settings, and a fluid sensor that detects insufficient water level in the bath and alerts the operator.

- 3.3 gal/12.5 L Tank Capacity

QC3-01 QuickClean Ultrasonic Cleaner

EZTEST INCUBATOR

13 cavity incubators available for convenient incubation. Built-in digital thermometer, built-in vial crusher.

4140-IEZ-1410 ... Incubator Only

DELTA BIOLOGICAL INDICATORS

Delta is a self-contained biological indicator for use in monitoring the efficacy of 121°C - 135°C steam sterilization cycles. 24 hour readout time.

4145-BV5-100... 100/bx

3M™ COMPLY™ INDICATOR STRIP

The 3M™ Comply™ Indicator Strip enables pack control by validating that the sterilant has penetrated to the point of placement in the pack and confirming that sufficient exposure conditions have been met.

- Use in steam sterilization cycles.
- Class 4.

1250.....480/bx

3M™ COMPLY™ STERIGAGE™ CHEMICAL INTEGRATOR

Chemical Integrators show whether each pack in a load has been exposed to the conditions necessary for sterilization to occur. They will immediately detect failures resulting from equipment malfunction or human error in packing, loading or operation. Can be used in all 250 - 275°F steam sterilization cycles

1243B 100/bg

AURELIA STERILIZATION POUCHES SELF-SEALING

3 sterilization criteria (time, temperature, saturated steam)

- Latex-free
- Class 4
- 200/box

PRICE MATCH GUARANTEE

Our Price Match Guarantee is simple: we guarantee that we will match any competitors advertised price. With our Price Match Guarantee, there's no reason to shop anywhere else! Better yet, you have the peace of mind that everything you purchase from Canada Medical is of the highest quality and at the best prices.

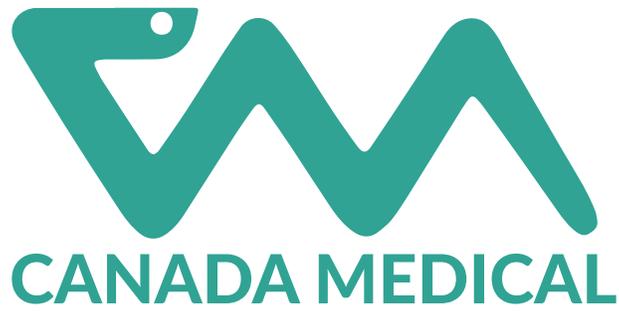

Our Price Match Guarantee does not apply to advertising errors or misprints, Boxing Day prices, special educational prices, restricted offers, mail order offers, rebates, coupons, premiums, free or bonus offers, limited or minimum quantity or limited time offers, close-outs, liquidations, clearances, and financing offers. We reserve the right to limit quantities.

Price Match Guarantee is valid only while supplies last. No rain checks, no substitutions.

Price Match Guarantee will not be applied to prices and quantities resulting from errors and omissions of us or others.

Terms and Conditions:

- The item must be of the same brand and model offered by us and located in Canada.
- The competitors prices must be in Canadian dollars and will be adjusted for any fees, taxes or other charges.
- Copy of current advertisement must be provided.
- Canada Medical must be an authorized distributor of the advertised product.
- Price Match Guarantee applies only to advertised prices. Individual quotations do not apply.
- The terms and conditions of the Price Match Guarantee are subject to change without notice.
- Price Match Guarantee inapplicable and will not be applicable if prohibited by law.
